Memorandum

To: Trialists

Fr: Curtis Meinert

Re: Fix the trials registration system!

CT.gov, as of 28 (Sat) March 2020, had 126 CoViD-19 trials registered.

Funding source

48 Phase 2
40 Phase 3
11 Phase 4
30 Phase not applicable

The problem is the count is incomplete to an unknown degree since it does not include trials registered in the 16 regional registries on the WHO registration platform. Alas, there is no way of merging those registries into CT.gov and even if the means existed, there would not be anyway to remove duplicates.

Powers that be, please fix this problem so we have one registry for trials regardless of where done.

We need one registry, not 17!
